Thank you for expressing an interest in Kiddie Korner Nursery School. In December, we begin accepting applications for the following school year. Attached is a registration form to be filled out and returned with your registration fee of \$50. This fee is to help cover the cost of accident and liability insurance, and to reserve a space for your child in September. This fee is non-refundable, and due with your completed form.

Most parents will wish to observe a class in session before registering. This is beneficial to the parent and child, as well as to the teachers. It is an important step to help us both determine if this is the best place for your child. This visit can take place before registering, if so desired, or any time afterwards. Kindly notify me by phone, and we will set up an appointment that is convenient for you.

Upon completion of classes in June, I will schedule an Open House so all future students and their parents can get one more look at the school prior to the beginning of classes in September. At that time, your initial tuition payment will be due as a deposit, to hold your spot over the summer. This is payment #1 of 10. The next payment will not be due until the first week of school in September.

Enclosed is an additional letter and brochure containing general information about the school. If you have any further questions, please call or email me at any time.

Sincerely yours,

Peggy Bruno, director
